

Application for Midwifery Standards Review - WAIKATO DHB

All **WAIKATO DHB** midwives with current practising certificates are to undertake a Midwifery Standards Review once **every 2 years**.

WAIKATO DHB will pay for your review once you have completed your application. However, if you cancel your review or is cancelled by the reviewers it will then be your responsibility to make payment and arrange an alternative review time.

An information pack including all your Review material will be posted to you from NZCOM. If you need any advice on the Review process please contact the Midwifery Educators. We anticipate that you will start thinking about your Review two or three months prior to the date.
